Google

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. SOURCES OF ENGLISH HISTORY OF THE SEVENTEENTH CENTURY, 1603-1689 IN THE UNIVERSITY OF MINNESOTA LIBRARY

WITH A SELECTION OF SECONDARY MATERIAL

COMPILED BY
JAMES THAYER GEROULD, B.A.
Sometime Librarian of the University

STANFORD LIBRARY

Published by the University of Minnesota
Minneapolis, January, 1921

PREFACE

The student of Seventeenth century England is seldom troubled by the insufficiency of his material. The men of action of the day used the pen as freely as they did the sword, and in their letters, their memoirs, their newspapers, and their controversial pamphlets, we find reflected a very clear image of the times. Prynne, Pym, Burnet, Clarendon, Halifax, the genial Mr. Pepys, and the stately Evelyn, scores of others, each in his way, gives vividness to the picture.

In the Record Office, the British Museum, the Bodleian and other British libraries, are thousands of unprinted manuscripts; an inexhaustible mine from which the scholar may correct and amplify the opinions derived from the books and pamphlets of which we have so rich a store. Photography, coupled with the generosity and open-mindedness of their custodians, is now rendering it possible for the American scholar, working in some of our larger libraries, to have at hand the more important even of these.

It is with the purpose of placing at the disposition of students of the period which began with the coming of the first James out of Scotland and which ended when William of Orange came out of the Low Countries, the resources of the Library of the University of Minnesota; and of unlocking for other libraries the material contained in reprinted collections, such as *Somers Tracts* and the *Harleian Miscellany,* that the accompanying list has been prepared. It is in no sense intended as a general bibliography, though it is hoped that it may serve some of the purposes of such a publication.

The collection of the sources for the study of the period was undertaken at the instance of Professor Wallace Notestein, until recently of the Department of History at Minnesota and now of Cornell University, and to his bibliographic information and unremitting interest the Library is deeply indebted. The collection of newspapers owes a great deal to the generosity of Mr. H. V. Jones of the *Minneapolis Journal,* who presented to the Library unusually complete files of several of the more important publications.

To the authorities of the British Museum, the Public Record Office, Cambridge University, Trinity College, Dublin, and of the Massachusetts Historical Society, the Library makes grateful acknowledgment of their kindness in granting permission to photograph certain of the manuscript Parliamentary journals which are here listed.

In a few cases the titles represent books in the Public Library of Minneapolis and its sister institution, the Minneapolis Athenaeum. As these works are, in every sense, as available to the student at the University as if they were in its Library, the inclusion is warranted.

If the list proves to be of service to scholars working in the history of Seventeenth Century England, the compiler will feel richly repaid for his labors.

COURTS AND THEIR REPORTERS

By Arthur C. Pulling

THE BAIL COURT

A court auxiliary to the court of King's Bench wherein points connected more particularly with pleading and practice were argued and determined.

Cases of Practice, 1778	1	1584–1775

THE COURT OF CHANCERY

The Court of Chancery obtained a practically exclusive jurisdiction over such matters as mortgages and trusts as well as the jurisdiction over the restraining of wrongs, the winding-up of partnerships and the taking of accounts.

Monro, Acta Cancellariae, 1847	1	1545–1625
Cary, 1872	1	1557–1604

Comberbach, 1724	1	1685–1699

THE COURT OF ASSIZE AND NISI PRIUS

These courts were derived out of and acted as auxiliaries to the other courts. They were composed of two or more commissioners sent into the various counties chiefly to try by jury the issues of fact in actions pending before the Courts of Westminster Hall.

Clayton, Pleas of Assizes at York, 1651	1	1631–1650
Lilly, Assize, 1719	1	1688–1693

THE COURT OF STAR CHAMBER

Its jurisdiction extended legally over riots, perjury, misbehavior of sheriffs, and other notorious misdemeanors; it was sketched to include the punishment, by members of the Privy Council, of orders and proclamations issued by themselves,—an usurpation of judicial authority which resulted in the abolition of the court in 1640.

INDEX

INDEX

The index includes names of all authors so far as they can be identified; of all persons mentioned in the titles; references from the title to the author in the case of anonymous and pseudonymous works and title references for those of unknown authorship. A few of the more important references to place and event are also given. Noblemen are entered under their titles, with references from the family names. When a nobleman or a bishop was known under successive designations, the last is used.
